

MRI-Laser

300W Pulsed Laser Cleaning Machine

High Efficiency

Environmental Friendly

No Damage to Substrate

We Promise

2-year warranty

Lifelong Technical Support

Product Features

01

Effective Laser Source

With perfect laser characteristics and good pulse shape control. Ranges of laser pulse frequency and pulse duration are wide and can be independently controllable. High peak power can be achieved, that is suitable for more laser processing applications.

02

Professional Cleaning System

Professional galvanometer scanner, with fast speed and stable performance. Dual optic beam and multiple cleaning modes can cope with different cleaning requirements and needs.

More portable cleaning head, only 0.8kg.

03

Industrial style, being durable and protective

The case is made of strong metal plate, that can be more durable and protective. Shock-absorbing and universal wheels enable it move more easily. Simple and delicate design makes operation easy.

Product Information

Dimension

Product Parameters

Model	MRJ-FL-C300A	Laser Power	300W
Single Pulsed Energy	1.5mJ / 5mJ / 15mJ	Laser Wavelength	1064nm
Touch Screen	7 inch	Clean Head Weight	1.25 kg
Machine Weight	About 37 kg	Cleaning Modes	10 patterns
Cooling Method	Air Cooling	Operating Humidity	10% to 80%
Working Temperature	0°C - 45°C	Power Consumption	1500W
Storage Temperature	-10°C - 60°C	Machine Size	230*568*510mm
Focal Length	F=160mm / F=254mm (customizable)		
Cable Length	5m		
Input Power	110 - 240VAC, 50/60Hz		

Applicable Fields

Manufacturing and
Processing

Automobile Restoration

Furniture Restoration

Railway Maintenance

Aircraft Maintenance
